ABOUT US

Contra was founded in 2007, starting with the repairing and strengthening activity only and now we have more than 5 specialized activities, we are offering more than 15 years of interdisciplinary experience in professional engineering and construction services specially in the field of repair, strengthening and, structural modifications. Throughout the years we have built a strong wide reputation in the construction field due to our dedication to construction excellence.

WORD FROM CEO

At CONTRA, We provide a highly standardized training program that develops the entry level workers and improves the technical skill set of our experienced staff that has resulted in the workforce pool we have today. Our best feature is our team of highly professional and knowledgeable individuals, who, through their hard work, passion, dedication, and perceptiveness, continuously drive our company forward. We believe that our success is based on the personal attention and contributions of our employees.

Community service is on top of our list; hence Contra had widely contributed to the society with the collaboration of master degree students as well the PhD students for better society.

On behalf of the Executive Board of Contra and our people, we look forward to continuing to serve and support all our clients in our efforts to exceed their expectations.

Khaled Helal

CEO, CONTRA

MISSION

To achieve our vision and our commitment to excellence, Contra adopts the following:

- To make a professional, efficient, profitable, and creative contribution to improve the quality in our areas of expertise.
- To offer innovative solutions to meet our clients' objectives and requirements.
- To implement and provide a high level of executive input and oversight to all projects.
- To be always present for our clients' and to work on their benefits, providing a value-added service.
- To uphold the ideals of professionalism and integrity in our business dealings.
- To provide a high level of executive input and oversight to all projects.
- To embrace an inter-disciplinary approach to our work.
- To encourage the development and empowerment of our staff.

Our Vision is to be the leading company in the field of structural repairs and strengthening throughout highly skilled construction professionals using best technologies and construction methods. We are committed to delivering quality work, safely and on schedule.

A company that our clients want work with, our customers can rely on, and our employees are proud to work for.

VISION

We're focused

We've learned that focus is important, and the heart of the success.

We Communicate

We communicate expectations, concerns, challenges, and vision. We ask the same of clients. Nothing is out of bounds when it comes to communication.

We Execute

Over the years, we've picked up lots of tools and tricks and pride ourselves on remaining at the forefront of the repairing and strengthening the other services curve as well. Ultimately, it's strong execution, not just good ideas, that grow your business.

Execution is the key to consistent results, so we've built processes and a delivery model that repeatedly accomplish tangible success.

We Get Results

We didn't come up with the concept of repairing and strengthening but we mastered it.

WHY TO
CHOOSE
US?

Core Values

Our name comes from our values

Accountability

Accepting responsibility for our actions is the ultimate way to build trust internally and externally.

6

4

5

Respect

We value everyone and treat people with dignity and professionalism

3

Non-Violent

Achieving an outcome without harm due to our HSE Policy

2

Think big

Being one of the leaders in the market requires exceptional vision, innovation, and execution. We never settle — in everything we do we challenge our ideas of what's possible to better meet the needs of our customers

Ownership

We own the outcomes and consequences of our actions we hold ourselves accountable in all our operations and efforts

1

Creative

Providing or using original and unusual ideas we do believe to cope with the new technologies

HSE Policy

At CONTRA, we consider our staff as our prime resource, this makes the safety of our employees one of our highest priorities. CONTRA requires the commitment to HSE from all employees and subcontractors.

We are committed to:

- Protect and improve the health, safety, and security of our people at all times.
- Eliminate Quality non-conformances and HSE accidents.
- Meet specified customer requirements and ensure customer satisfaction.
- Plan for, respond to and recover from any emergency, crisis and business disruption.
- Minimize our impact on the environment.
- Apply our technical skills to all HSE aspects in the design and engineering of our services.
- Communicate openly with stakeholders and ensure an understanding of our HSE policies, standards, and performance; This Policy shall be regularly reviewed to ensure ongoing suitability.

The commitments listed are in addition all applicable laws and regulation

sheets and built-up steel section

PROJECT
BRIEF

A construction site for the MOPCO Head Quarter Building. The image shows a large, open concrete slab with several workers in high-visibility vests and hard hats. In the foreground, there are large, rectangular concrete structures with rebar reinforcement. The background shows a multi-story building under construction with visible structural elements and scaffolding. The scene is lit by natural light, and the overall atmosphere is one of active construction.

MOPCO HEAD QUARTER BUILDING

- Owner** : Misr Fertilizers Production Company (MOPCO)
Main consultant : Faculty of Engineering - Ain Shams University
Specialized Consultant : Prof. Dr. Amr Abdel Rahman (AAE)
Main Contractor : LIVING -IN
Project description : Structural Strengthening
Strengthening of concrete slabs, columns, and raft

PROJECT BRIEF

An aerial photograph of the AIN SHAMS Specialized Hospital, a large, multi-story, light-colored building complex. The hospital is surrounded by a parking lot with several cars and a road with a few pedestrians. In the background, other city buildings are visible under a clear sky. The image is overlaid with several semi-transparent orange shapes: a vertical bar at the top left, a large arrow-like shape pointing right in the lower right, and a smaller arrow-like shape pointing left in the lower right. The text 'AIN SHAMS SPECIALIZED HOSPITAL' is written in large, white, bold, sans-serif capital letters across the upper left portion of the image.

AIN SHAMS SPECIALIZED HOSPITAL

- Owner** : Ain Shams University
- Main consultant** : Prof. Dr. Gamal Hussein
- Main Contractor** : OFOQ
- Project description** : Structural Strengthening
- Repair and strengthening of basement slabs, beams, and columns
